A culture of safeguarding is embedded throughout our school and all staff are appropriately trained to ensure that they are best placed to report any concerns. Safeguarding and promoting the welfare of children is everyone's responsibility.

We provide a stimulating environment which is nurturing, caring, welcoming and safe. We offer an exciting curriculum that provides a variety of experiences which make learning exciting, fun and enjoyable and we support and encourage children to achieve their full potential and aspire to their highest personal standards of achievement, presentation and behaviour. We continuously review and amend our curriculum to ensure it caters for the needs of all pupils, whatever their interests and ability and aspire to AIM (Ambitious Inclusive Meaningful) High in all aspects.

We pride ourselves on our happy, caring and positive atmosphere, one in which every individual is valued and their efforts and achievements recognised and celebrated. We expect all of our children to develop a sense of belonging, to respect and care for others around them and encourage every child to make the most of the opportunities offered to them at Woodsetton.

We work hard to encourage and support parents both practically with ideas that can help their children and emotionally with the pressures of their everyday lives. By working with parents, we can create a strong partnership that is based on mutual trust and respect, vital factors that enable our children to succeed.

We must teach each child according to the level of his/her ability and not be afraid to question, assess and review our methods and approaches. At all times we should remember we are the role model for the children and our standards and attitudes should reflect this.

I hope that you will join with me in further developing and continuing to move our school forward, building upon the solid foundations already in place for a bright and successful future.

I hope you will find this Staff Handbook/code of conduct both interesting and informative.

If you have any further questions, please do not hesitate to speak to myself or a member of the SLT for further clarification.

At Woodsetton our vision is to be a school that works proactively with families and other agencies, to value each individual child, their voice and their aspirations; ensuring we provide the personalised stepping stones they need to succeed and celebrate each achievement along the way.

We aim to achieve this through our school philosophy of:

“Every child matters...every moment counts”

Our shared responsibilities are to:

- Be outward looking in our vision and approach.
- Be positive, optimistic and solution focused.
- Give of our best at all times.
- Recognise that everyone at Woodsetton is a learner.
- Ensure opportunities for learning, enjoyment, fulfilment and to be part of the wider community.
- Be inclusive in our practice.
- Work in partnership with parents, carers, other professionals to support the whole family

We aim to:

- provide a learning environment for pupils, staff and all members of the community, that is well structured, happy and stimulating.
- provide a curriculum that balances individual needs with the requirements of the National Curriculum and which enables every pupil to fulfil their greatest potential.
- provide and develop the highest quality teaching and learning opportunities for all pupils.
- provide a total communication environment that encourages independence and values the choices and opinions of each individual.
- offer personalised provision that uses the child's EHCP to tailor our approach, removing barriers and offering challenge and next steps.
- welcome all parents and carers and encourage them to be part of the team responsible for the overall development of their children.
- equip the pupils with the skills, knowledge and attitudes that will enable them to become self-motivated and independent learners.
- provide an environment in which all pupils learn to respect themselves, each other and the environment, learning to tolerate and to value individual differences.
- help pupils develop appropriate social and moral values and an awareness of their responsibilities in the wider community.
- help all pupils to value and respect the diversity of culture, religion, language and gender in a multi-cultural society.

- provide the pupils with the skills, knowledge and attitudes that will enable them to live fulfilling and productive lives when they have left school.
- give access to mainstream classes whenever and wherever it is appropriate for individual pupils, within the constraints of the School's organisation and resources.
- give access to a variety of learning environments and teaching styles, appropriate to the age of the pupils, in preparation for further educational experiences.
- develop a clearly defined system of pastoral care that will, with the support of other agencies as/when required, ensure the physical and emotional well-being of all pupils.
- give opportunities for all staff to develop their personal and professional skills.

Statement of intent

Woodsetton School expects all pupils to receive high-quality teaching and learning in a positive and respectful environment.

Employees at the school should understand that their own behaviour, and the manner in which they conduct themselves with their colleagues, pupils, parents and other stakeholders, sets an example.

We recognise that the majority of staff members act appropriately and treat each other with dignity and respect; however, we consider it important to clarify the expected standards.

This policy forms part of a staff member's contract of employment and failure to comply with it, and with the associated school policies, may result in disciplinary action being taken, including legal action where this is warranted.

This document applies to all staff members who are:

- Employed by the school, including the Head teacher and volunteers.

This document does not apply to:

- Peripatetic staff members who are centrally employed by the LA.
- School catering staff employed by Dudley Client and Catering Services.
- Employees of external contractors.

These employees are governed by their employment contracts and any relevant laws pertaining to their activities within the school, for example, the GDPR and the Data Protection Act 2018.

Working at Woodsetton

We recognise that time in full-time education is limited and precious, and we are duty bound not to waste it. Each young person at Woodsetton is unique and requires support from adults for a range of reasons – this can be physical, medical, emotional, academic or any combination of these. Each learner needs adults who understand them and are able provide the care and support they need. A number of children may make physical and emotional demands that can, on occasions, feel relentless and overwhelming. The children at Woodsetton do not always understand the different roles each adult does (Head, caretaker, teacher, teaching assistant or volunteer) but they do need to be with adults who are able to give of their best at all times. Each learner needs adults who are: positive, creative, resilient, understanding, solution focused, emphatic and kind.

We have a duty to every child and their family to:

- Work in partnership with parents and carers, and the wider family
- Work in collaboration with professionals working with them / their child
- Ensure that all our learners have opportunities to learn and enjoy the wider community
- Be inclusive in our practice
- Be outward looking in our vision and approach.
- Be positive and optimistic
- Give of our best at all times
- Recognise that everyone is a learner and that every experience is a learning opportunity
- Empower each learner to achieve their very best

Team work is essential - in isolation no one adult is able to meet the complex needs and demands of every child at Woodsetton. This can only be achieved if all the adults work as part of a team. Each learner needs every member of the Woodsetton team (cleaners, caretakers, administration staff, teachers, teaching assistants, lunchtime staff, professional's specialists etc) to strive to always...

- Lead by example
- Help one another
- Listen to people's ideas and perspectives
- Try and see situations from the other person's perspective
- Treat every colleague with the dignity and respect as we would want to be treated
- Express our views at the right time and in the right place
- Remain calm even in stressful situations

These qualities are demonstrated in our words and actions and how we treat one another. Working in a special school will present stresses and strains that go beyond the vast majority of settings, but can bring wonderful rewards. Our curriculum must be delivered in a safe, supportive yet challenging learning environment in which all members of our school community are valued, respected and encouraged to succeed.

- 6.1. Staff may undertake work outside school, either paid or voluntary, provided that it does not conflict with the interests of the school. The nature of the work cannot be seen to bring the school into disrepute, nor be at a level which may contravene the working time regulations or affect an individual's work performance.
- 6.2. Staff will not engage in outside work which could seriously damage the reputation and standing of the school or the employee's own reputation, or the reputation of other members of the school community.
- 6.3. Staff will not engage in inappropriate use of social network sites which may bring themselves, the school, school community or employer into disrepute. (Also referred to in [section 15](#)).

Where it is deemed that such fault is an immediate risk to other staff, pupils or visitors then all staff have a duty of care to notify Sarah Lowe or a member of the Senior Leadership Team immediately.

- 8.2. Risk assessments should be undertaken for any activity or use of equipment that could be potentially hazardous. The aim of the assessment is to identify risks and determine what actions (control measures) can be put in place to reduce the risks identified. Once the controls are actioned, the level of risks should be sufficiently reduced to an acceptable level. It is not possible or necessary to eliminate all risk, the residual risk of an activity would need to be considered against the potential benefit that could arise from the activity going ahead.
- 8.3. Some individual pupils need to have their own risk assessments especially when partaking in an educational visit. These need to be approved by either the Executive Headteacher, a member of the Senior Leadership Team or Educational Visits Coordinator and signed by the pupil's parents/carers.
- 8.4. There are a number of First Aiders in school. If pupils require First Aid following a minor accident or injury they should be taken to the Medical Room. First Aiders need to ensure they are aware of any pupils with individual care plans.

All class teams also need to be aware of any pupils with Individual care plans and/or PEEPs.

Depending on the nature of the injury it may be necessary to contact parents i.e. "courtesy call". More serious incidents will warrant an immediate call home. In the event of an emergency the school office will be responsible for contacting the emergency services.

- 8.5. If staff require First Aid, seek the nearest first aider at work for assistance. All accidents should be reported in accordance with the accident reporting procedures.
- 8.6. - 8.11. All sharp knives, scissors and tools must be kept locked away and pupils must be supervised when using them. The adult leading is responsible for counting them out and in at the end of each lesson.
- 8.12. Do not bring in electrical items from home, these are not covered by school insurance.

9. Declaration of interests

- 9.1. Staff members are required to declare their interests, both personal and financial, where the group or organisation they are affiliated with would be considered to be in conflict with the ethos of the school.
- 9.2. For the purposes of this document, a financial conflict of interest is one where there is, or appears to be, opportunity for personal financial gain, financial gain for relatives or friends, or where it may be reasonable for a third party to take the view that financial benefits may affect an individual's actions.
- 9.3. The term 'financial interest' means anything of monetary value, including the following:
 - Payments for services
 - Equity interests
 - Intellectual property rights
 - Hospitality or gifts
- 9.4. Examples of financial interests that must be declared include, but are not limited to, equity interests in services considered for use by the school.
- 9.5. Non-financial conflicts of interest can also come into conflict, or be perceived to come into conflict, with an individual's obligations or commitments to the school. These interests may include any benefit or advantage including, but not limited to, direct or indirect enhancement of an individual's career or gain for relatives or someone with whom the individual has a close relationship.

9.6. Examples of situations that could give rise to non-financial conflicts of interest include the following:

- Pressure or temptation to accept gifts, inducements or hospitality
- Participating in the appointment, hiring, promotion, supervision or evaluation of a person with whom the individual has a close personal relationship
- Where a member of staff has or develops a close personal relationship with a colleague or governor

9.7. Membership to a trade union or staff representative group does not need to be declared.

9.8. Staff members will also carefully consider whether they need to declare their relationship with any individual where this might cause a conflict with school activities.

9.9. Failure to make a relevant declaration of interests is a very serious breach of trust and, therefore, if employees are in doubt about a declaration, they are advised to contact the school or trade union.

9.10. All declarations, including nil returns, will be submitted in writing to the Executive Headteacher for inclusion on the Register of Business Interests.

10. Relationships with pupils

10.1. The school expects that staff will:

- Maintain professional boundaries and relationships with pupils at all times, and will consider whether their actions are warranted, proportionate, safe and necessary.
- Act in an open and transparent way that would not lead to others questioning their actions.
- Ensure that they do not establish social contact with pupils for the purpose of securing a friendship, or to pursue or strengthen a relationship.
- Ensure that they do not develop personal or sexual relationships with pupils: this includes sexual remarks and discussing their own sexual relationships with, or in the presence of, pupils.
- Only contact pupils via the school's established mechanisms: personal phone numbers, email addresses or social media platforms will not be used to contact pupils.
- Avoid contact with pupils outside of school hours if possible.

10.2. Under the Sexual Offences Act 2003, it is an offence for a person aged 18 or over to have a sexual relationship with a child under 18 where that person is in a position of trust in respect to that child, even if the relationship is consensual.

11. Physical contact with pupils

- 11.1. The school understands that there are circumstances in which it is entirely necessary for staff to have physical contact with pupils, e.g. when applying first aid and assisting with intimate care, but staff will only do so in a professional and appropriate manner in line with relevant school policies.
- 11.2. When physical contact is made with pupils, it is imperative that it is conducted in a way which is responsive to the pupil's needs, is of limited duration and is appropriate to their age, stage of development, gender, ethnicity and background.
- 11.3. If staff members and pupils must spend time on a 1:1 basis outside of the classroom, staff must ensure that:
 - This takes place in a public area that others may access
 - Others can see into the room
 - A colleague, a member of the Senior Leadership Team or the Executive Head teacher know that this is taking place.
