

# Extra Curricular Clubs

We have developed our extra-curricular activities for the children to support their personal development, mental health, and well-being.

We deliver clubs at lunchtimes and after school. These are managed by the teaching staff, teaching assistants and by coaches from the Wolves Foundation. Our clubs are offered to all of the children and they attend on a rota basis if they choose to join in, so that everyone gets the same opportunities.

Here is an overview of our current lunch and after school clubs on offer:

Woodsetton School Extracurricular Clubs
